COMMUNITY HEALTH

VALUES

- **Belonging**- Every client should feel seen, heard and understood
- **People First**- The voices and experiences of our clients and community are at the forefront of everything we do
- **Compassion**- Is based on respect for others and requires us to work with those we serve to improve their lives.
- **Excellence**- Everyone has the right to access high quality care that addresses their unique needs
- **Collaboration**- Working together with our community and systems partners broadens our impact
- **Innovation**- Requires us to challenge the status quo and take calculated risks to achieve impact and continually improve our programs and services
