

Compass Community Health offers primary care health services and health promotion programs to diverse communities and individuals.

**Digital Health Specialist
(Hamilton Area)
Permanent - Full-Time (37.50 hours/week)
(Annual Salary Range \$61,297 - \$70,555)**

What we're looking for:

- A self-motivated, avid information technology professional with high emotional intelligence who is driven to make a positive difference in healthcare and loves to support clinicians and patients through the change process involved in adopting new digital health tools;
- Passion for implementing and evaluating digital health tools, with demonstrated ability to innovate and adapt to varied practice contexts and a commitment to ensuring and sustaining quality;
- Strong communication skills, tech savvy and works well with an interdisciplinary healthcare team and collaboration with partners; and
- Experience of at least 2 years in a change management role and/or comprehensive client support role in the Digital Health Technology environment.

What you can expect to do:

- Work with various partners to establish, implement & evaluate digital health tools used across various health care models;
- Use your expertise in project management to develop and implement plans;
- Collaboratively monitor Digital Health projects and work closely with Quality Information Decision Support Specialists and other invested partners;
- Travel to partner sites as needed.

We invite you to review the **Digital Health Specialist** job description on our website under Careers at <https://www.compassch.org/get-involved/employment-opportunities-careers> for additional job-related information.

In return for your results-orientation and dedication, we offer a competitive salary based on experience and qualifications. We also offer a comprehensive benefits package and HOOPP pension plan.

Please respond in confidence by Wednesday, August 05, 2026 at 4:00 p.m. to:
