GIVING THANKS

and Baking Pies

The smell of cinnamon and nutmeg filled the air in the Compass Community Kitchen. Pathways students cored and peeled apples, whisked the pumpkin purée and autumn spices, and rolled the pie crust to show gratitude to their loved ones by baking pies. Just in time for Thanksgiving weekend, a time to gather.

Pathways students earned community service hours with the promise to share the pies they baked with those they care about. A total of 15 pumpkin and apple pies were prepared and a combined total of 60 community service hours were earned with gratitude !

Inclement Weather

Inclement weather conditions, such as freezing rain or significant snowfall, can occur during the fall and winter months.

In such conditions, Compass Community Health may close in-person programming. While service to students is a priority, student and staff safety is the primary consideration.

In the event that Compass Community Health is closed, Pathways in-person services will also be closed. However, online tutoring and virtual support will still be offered.

If both HWDSB and HWCDSB School are closed, all Pathways programs will be closed.

If you are uncertain as to whether the program is open, we urge students/parents to contact Compass Community Health at 905-523-6611, or contact your Coach before attending Pathways to Education programs.

Dare to Dream at Toronto Metropolitan University

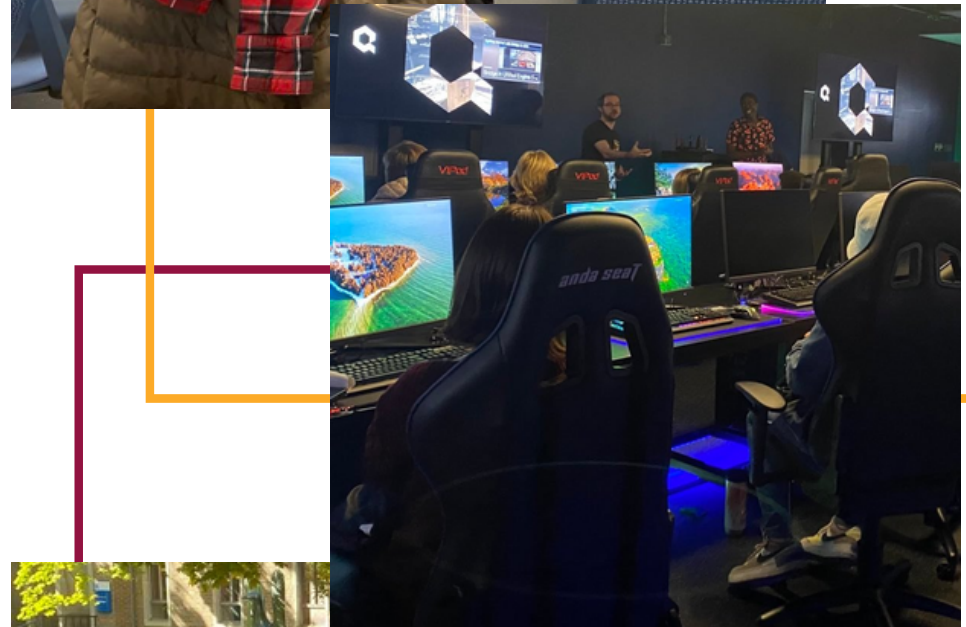

As part of the PATH Program, on October 24th Pathways Hamilton took a group of 27 Grade 9 students to **Toronto Metropolitan University** to explore the campus and the city of Toronto.

Students explored the Faculty of Arts Department, met with Geography and Video Game Professors, and heard from current university students. They explored the Video Game Lab, Campus Library, and exciting downtown Toronto sites like Chinatown and the Eaton's Center.

The goal of the Toronto Dare to Dream trip was to help inspire Grade 9 students to form big dreams for their future, and we think we did just that!

The day was enjoyed by both staff and students, and we can't wait to explore more new places with our Grade 9s!
